The White School Fund the past month received \$541.50, and the Colored Fund \$22.50; total, \$564.

The following permits were granted—

Robert Harris, to erect a one-story frame room to residence in Main street, Sixth Ward.

M. J. Kenny, to build a vault in rear of lot in Third street, Sixth Ward.

Lewis Cobb, to erect a water closet on lot in Vine street, Sixth Ward.

John T. Parker, to rebuild livery stable in Sutton street, Second Ward.

The Maysville Water Company presented a bill of \$96 for water in construction of Market street sewer and brick streets. Referred to Water Committee to report back to Council.

G. W. Rogers & Co. were granted the privilege of removing from their present location to the East side of Market between Second and Third under their present license.

The Mayor was authorized to buy of Samuel Middleman his lot on Second street extension for the sum of \$700, the same to be used as a city lot.

The Washington Fire Company through Charles H. Frank, Chairman of the Standing Committee, asked to have the following requisition filled—

one shutoff siamese coupling, two 2-inch rubber branch pipes with 1½-inch nozzle, six reducers from 2 to 2½ inches and six spanners. Referred to Fire Committee with power to act.

Hon. W. H. Wadsworth was heard in behalf of the C. and O. Railway Company. The request was made that the ordinance of 1888 permitting a rate of speed of only six miles an hour through the corporate limits be rescinded and in its stead an ordinance allowing 18 miles for passenger trains and from 12 to 15 miles for freight trains be enacted. Referred to Railroad and Turnpike Committee, with Mayor and City Attorney added.

Member Short protested against the acceptance of the minutes as read on account of the \$33 allowed the Board of Trade for free ferrage. He was upheld in his position by the City Attorney, who read pages of law in regard to the matter. A yea and nay vote being taken, the minutes were approved by a decisive vote of 8 for to 4 against. The matter of not allowing the \$33 came again in a different form, but was again defeated by the same vote, the \$33 still holding good.

The Chairman of the Ways and Means Committee was authorized to borrow \$2,900—\$1,390 to liquidate interest due on city bonds and \$1,510 for current expenses.

The United States Government submitted an ordinance to be adopted in regard to the construction of a sewer leading from the Federal Building to Limestone creek. Referred to Laws and Ordinance Committee.

The American Tobacco Company requested that an arc light be placed at the corner of Union street and Forest avenue. Referred to Light Committee.

The City Attorney was instructed to draw up an ordinance in regard to junk establishments, raising the present license of \$10 to \$50 per year.

It was ordered that plans, specifications and probable cost for grading and paving both sides of Plum street from Third to Fourth streets be submitted to Council by the City Engineer.

A voluminous report in regard to pavements already ordered by ordinance was read and adopted.

A communication from Engineer Hord was read in regard to the dilatory manner in which work was progressing and the non-compliance with the specifications by the contractors in regard to the construction of the brick streets, and suggested that unless more energy was put forth and a strict compliance with the specifications be adhered to, that the agreement between the city and present contractors be declared void, and the work be again advertised for bidders.

Mr. Henkel in his own behalf spoke at length. He insinuated that the Committee and Engineer impeded the work in various ways and that under present conditions he could not complete the work only at great monetary loss. All of which was strenuously refuted by the Committee, in so far as the Committee was instrumental in retarding the work.

A bill in favor of the contractors, amounting to near about \$14,000, was presented, on the basis of work done and material on hand—14% as they claimed. The Committee thought otherwise, as well did Council, and instead of \$14,000 they were allowed \$4,141.17.

Mr. Henkel's manner and what he said impressed some as though he were tired of the job, and had he received the first amount asked for he would have thrown up the contract as soon as he had received the money.

An ordinance authorizing the sale of the Brick Street Bonds was read.

Adjourned.

Mrs. Milton Johnson is now at Northport, N. Y.

Headaches cause too much suffering, are too much of a tax on the nervous system and waste too much time to be tolerated if they can be avoided. If you will keep Chenoweth's Headache Cure on hand you can avoid headaches and the escape will be worth many times the cost of the remedy. If you wait too long and the headache gets started the remedy is still just as certain to cure. Your money will be refunded if the remedy ever fails.

## The Ledger's Washington Letter

Special Correspondence Public Ledger.

WASHINGTON, D. C., Aug. 1st, 1906.

A few days ago we spent several hours at the old town of Bladensburg, Md., six miles North-east of Washington, and visited the old dueling grounds a mile this side of that little old burg. The Bladensburg dueling grounds, as they were in old times, the most celebrated in America.

It is said that from 1814 to 1856 it was the theater of over fifty hostile meetings. Many of these were amicably arranged on the field without bloodshed, but upwards of twenty real duels were actually fought on the Bladensburg grounds, in which many of the principals were either killed or severely wounded.

As early as 1814 Edward Hopkins of Maryland was slain in a duel there; but what really gave the spot its celebrity were the duels between General Armistead T. Mason, a former U. S. Senator from Virginia, and Colonel John M. McCarty of the same state, and James Barron and Stephen Decatur, both Commodores in the Navy and both prominent and patriotic sea-fighters in the stirring early days of the Republic.

These encounters were not little French affairs de honneur a la Boni de Castellane, but the real thing—of the blood and thunder variety, with the rifle, the huge dueling pistol, the sword and the deadly Bowie knife.

The old dueling grounds are very commonplace in appearance, with nothing especially attractive or picturesque about them. Situated on the old stage road from Washington to Baltimore, the "field of honor" is East of the road and is now overgrown with elders and small trees. The old stage road has been modernized into a broad, smooth and splendid driveway, now much traveled by Washington automobilists. Here on the right of the road as you go from this city runs a small brook, and a cowpath along the brookside was where Mason and Decatur fell. It is outside the jurisdiction of the District of Columbia, and in early times afforded just such a secluded place to suit the hot-headed combatants from Washington and the adjoining states to settle their controversies according to the code duello. "The appeal final from the rhetoric of words to the logic of arms," the "honorable" high court of last resort where the Gordian knot of questions of etiquette and politics was cut and solved to everyone's satisfaction.

MASON AND MCCARTY.

One of the most desperate of these bloody duels which have made this spot historic and memorable was that fought on February 6th, 1819, between General Armistead T. Mason and Captain J. M. McC

showing that it was erected in 1847. It is a large brick house strongly built, with several acres of old-time terraced grounds surrounding it. Colonel James H. Kyner, a wealthy Colorado mine owner, now resides in and owns it. He is completely overhauling the mansion and grounds and is to make a modern home of it. Its situation on a sloping hill is very fine. Bladensburg has some very nice homes, but its general aspect is something like Washington, Ky., and colored people form one-half the population. It has five saloons, and everybody around there seems to have a throat on him that requires irrigating with beer and divers other kinds of booze. The numerous barrooms are also well patronized by the white sports of Washington, and the five beer gardens do a big business in the summer time. Hyattsville, a pretentious town of 3,500, is only a half mile from old Bladensburg, and as the former is a "dry" town the saloons of the latter reap a harvest all the year round. Bladensburg is in Prince George county, Md. The town was laid out in 1742, and is therefore over 164 years old, and it looks it.

Bladensburg is the queerest little town we ever saw, and it has got Washington, Ky., skinned a block except in number of danks and in the fine art of "boot-legging" mean whisky.

## TIRED OF LIFE AWFUL SUFFERING

From Dreadful Pains From Wound on Foot—System All Run Down After Six Months' Agony—Not Able to Work—Completely Cured in Two Weeks

MIRACULOUS CURE BY CUTICURA REMEDIES

"Words cannot speak highly enough for the Cuticura Remedies. I am now seventy-two years of age. My system had been all run down. My blood was so bad that blood poisoning had set in. I had several doctors attending me, so finally I went to the hospital, where I was laid up for two months. My foot and ankle were almost beyond recognition. Dark blood flowed out of wounds in many places, and I was so disheartened that I thought surely my last chance was slowly leaving me. As the foot did not improve, you can readily imagine how I felt. I was simply disgusted and tired of life. I stood this pain, which was dreadful, for six months, and during this time I was not able to wear a shoe and not able to work."

"Some one spoke to me about Cuticura. The consequences were I bought a set of the Cuticura Remedies of one of my friends who was a druggist, and the praise that I gave after the second application is beyond description; it seemed a miracle, for the Cuticura Remedies took effect immediately. I washed the foot with the Cuticura Soap before applying the Ointment and I took the Resolvent at the same time. After two weeks' treatment my foot was healed completely. People who had seen my foot during my illness and who have seen it since the cure, can hardly believe their own eyes."

James Wood & Son's Drugstore and I noticed an improvement in my condition from the start. My trouble was soon entirely cured. This was some five years ago and I have had no return of it since. Anyone suffering from difficulties arising from disordered kidneys can make no mistake using Doan's Kidney Pills."
